### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Don Bulson on 10-31-2003.

The application has been amended as follows:

Claims 1-11 have been cancelled.

In the abstract

line 1 delete "The invention relates to"

line 1 delete "a method" and insert therein ---A system---

In the title delete "Method and system" and insert therein --- System---

Claims 12-20 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art of record neither teaches or suggests a system for applying and element to a living body comprising a, device for physically altering a part of the living body to prepare and/or produce a connection as claimed, and whereby a position detection device is used to detect the position, three

Art Unit: 3742

dimensionally, of both the physically altering device and the living body via a plurality of markers applied to the altering device. The prior art does not show a system as claimed for altering a living body to produce a connection including a three dimensional tracking system. Hunter shows a system much like the claimed invention but shows a connection/alteration to a marker rather than a living body.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Daniel I. Robinson whose telephone number is 703 306-9043. The examiner can normally be reached on M-F 5:30am-2:30pm.

The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
